REQUEST FOR ENVIROMENTAL DIFFERENTIAL PAY

SECTION I REQUEST FOR APPROVAL - CONTINUATION

(Continuation from section I number 6, Description of work situation.)

- c. Travel over secondary roads or unimproved roads to isolated mountain top installations at night, or under adverse weather conditions
(snow, rain, or fog) which limits visibility to less than 100 feet, when there is danger of rock, mud, or snow slides.
- d. Working or traveling in ISOLATED areas with exposure to temperature and/or wind velocity to be of considerable or very great danger on the wind chill chart AND SHELTER IS NOT READILY AVAILABLE. (See Wind Chill Chart)
- e. Working in areas with exposure to temperature and/or wind velocity to be of considerable or very great danger on the wind chill chart AND MISSION PRIORITIES REQUIRE PROLONGED EXPOSURE. (Note: Under normal circumstances individuals would be able to return to a heated area or rotated with other employees as frequently as required.)

(Continuation from section I number 7, Description of corrective action taken to eliminate or reduce situation.)
